

Subash Pariyar

Data Analyst | SQL · Power BI · Excel · Python

Toronto, ON · +1 437-669-2055 · pariyarubash2055@gmail.com · linkedin.com/in/subash-pariyar · github.com/subash431 · subashpariyar.com

SUMMARY

Data analyst with over a year of full-time experience turning sales and inventory data into Power BI dashboards, backed by a computer engineering degree and a year as a software developer. Comfortable across the whole workflow: writing SQL to pull and join data, cleaning it in Excel, modeling it for reporting, and explaining the results to non-technical teams. Postgraduate diploma from Lambton College, Toronto.

SKILLS

Data & BI	SQL (joins, aggregations, filtering), Power BI (data modeling, interactive reports), Excel (pivot tables, lookups, Power Query), data cleaning and validation, KPI reporting
Programming	Python, C# / .NET, JavaScript, React, Node.js
Databases	Relational databases (SQL), MongoDB
Tools	Microsoft Office, Visual Studio, Git and GitHub
Strengths	Stakeholder communication, customer service, attention to detail, fast learner

EXPERIENCE

Customer Service Representative

Allan's Pastry Shop · Contract, full-time

Sep 2023 – Oct 2024

Toronto, ON

- Delivered professional customer service in a high-volume retail bakery.
- Handled customer inquiries, resolved concerns, and processed transactions accurately.

Junior Data Analyst

Nexgen Ventures · Permanent, full-time

Aug 2022 – Sep 2023

Kathmandu, Nepal

- Built a **Sales & Inventory Data Analysis Dashboard** in Power BI to track sales trends and stock levels.
- Wrote SQL queries to extract and combine sales and inventory records from company databases.
- Cleaned, validated and prepared data in Excel before modeling it for reporting.
- Defined the sales and stock metrics the dashboard tracks and presented findings to the team.

Software Developer

Encoders Inc. · Permanent, full-time

Aug 2021 – Jul 2022

Pokhara, Nepal

- Developed, tested and helped deploy .NET applications using Visual Studio.
- Supported 100+ users with system, network and software issues.
- Maintained system security and compliance with IT standards.

EDUCATION
